

VOICE OF COMMAND

Target enemy creature must immediately move up to 2 inches towards another enemy creature of your choice.
 If a Dissonance token is spent, the target must also make a melee attack against that enemy creature.

Who needs an army when you have a silver tongue and a few well-placed whispers?

MENTAL NUDGE

Force an enemy creature to move 1 inch in any direction. You may spend up to 3 Dissonance tokens to increase this movement by 1 additional inch for each token spent.

Sometimes, just a small push is enough to tip the balance.
